

FX-VAC

Weld Fume Vacuum

The FX-VAC is specially designed for use with a MIG Fume gun, allowing weld fume to be captured as close to the source as possible. The FX-VAC combines portability with long lasting filter life and MERV 15 efficiency.

Features

- ✓ Cleaning wand for 6-7 times the filter life
- ✓ Shunt for automatic turn on & off when welding
- ✓ Filter condition indicator
- ✓ Nano-fiber fire retardant filters
- ✓ Metal mesh spark trap / pre-filter
- ✓ Works with ABICOR BINZEL fume gun
- ✓ Dust clean-out tray
