

DoALL SC-100A Circular Saw – 4" Round Capacity

CONTINENTAL™

DoALL circular saws are ideal for cutting small diameters, short lengths and thousands of parts. Also classified as cut off or cold saws, these metal cutting saws provide full automation for intricate and precise cuts, saving both time and money.

Circular saws offer automatic operation, numerical control and features solid heavy-duty construction which provides more rigidity and reduces vibration for higher cutting rates, exceptional accuracy, superior surface finish and increased blade life.
